800x3000mm
800x2400mm

15mm Thickness

The combination of colors and designs allows for a truly individualized look that can be tailored to any aesthetic. The use of these tiles in any space will surely bring an air of sophistication and timelessness.

With these pieces, you can create an atmosphere that feels special to you and invites conversation and creativity.

DISCOVER GLORIOUS EXCELLENCE

The use of these tiles in any space will surely add a touch of sophistication, elegance and finesse.

Crafted with a unique blend of textures, these tiles offer a sophisticated yet timeless touch to any space.

APPROPRIATE LEVEL OF SOPHISTICATION

AVAILABLE SIZE

We have chosen for you our 800x3000mm and 800x2400mm size with 15mm thickness. This size is perfect for those wanting to make a statement in any space. By choosing this size, you are guaranteed to create a beautiful atmosphere that not only fits perfectly in any room but will also invite conversation and creativity. This size is perfect for those wanting to make a bold and vibrant statement in any space.

This size enhances the aesthetic appeal of your property and promotes a cozy environment in both commercial and residential areas. We offer a wide range of beautifully crafted tiles. As a result, creating your dream space is simple. With our different sizes, shapes and

colors to choose from, you are sure to find a tile that fits your design style. Whether you are looking to create a timeless, classic look or something more modern and sophisticated, our tiles can help you achieve your desired aesthetic.

TILE SPECTRUM

Our range of tiles includes a variety of colors and finishes to suit every style and budget. We specialize in producing high-quality tiles using advanced technology and sustainable practices.

Our products are known for their durability, aesthetic appeal and ability to withstand wear and tear, making them ideal for both residential and commercial use.

WORKING WITH THE VARIOUS VERSIONS OF SLAB

CUTTING WITH DIAMOND DISCS

Our products can be cut using diamond discs fitted onto the hand-held electrical grinding machine. The speed of Disc rotation must be high (>10000 RPM) and should have a low feed rate (< 1 m/min). It may be required to cool the disc with water. Recommended discs are the thin types generally used for cutting porcelain stoneware. The surface should be kept on a FLAT base while cutting without any gap underneath.

DRILLING

You can use cutting discs fitted to battery-operated screwdrivers or angle grinders, or electrical drills as an alternative.

INTERNAL CUT/L-SHAPED CUT

To get internal and L-shaped corners & to reduce the risk of breakage, cut 'o' at the vertex of the internal corners using bits with a radius of at least 5mm. Then cut with diamond discs, be cautious to stop moving the cutting tool forward. To drill and cut using diamond discs, and more follow the instructions provided below:

When using these tools:

- Cool the point being drilled with water
- Don't put too much pressure and bear in mind the resistance of the type of laminated stoneware you are working on
- If you are using tungsten bits, start drilling at a low speed
- If you are using drills or screwdrivers, do not select hammering mode

EDGE-FINISHING

INSTRUCTIONS FOR MANUAL INSTALLATION

SINGLE LAYER METHOD

DOUBLE-LAYER METHOD

COMPRESSING THE SLAB

IMPORTANT

All cutout corners must have a minimum diameter of 1/4". Never leave 90° angles. We recommend a radius of more than 1/4" when the kitchen design allows as it makes the countertop firmer.

CLEANING & MAINTENANCE

Our products are non porous (due to their high quality raw materials, stringent production parameters and state of the art technology), hence any dust or deposited waste cannot penetrate the surface.

For most cases only a damp cloth is sufficient for cleaning.

Regular cleaning highlights the aesthetic features of the surface and gives it exceptional shine.

For highly aggressive cleaning caused by some common food and substances follow the table below.

| TYPE OF STAIN | CHEMICAL PRODUCT | EXAMPLE |
|---------------|--------------------|--|
| Grease | Alkaline - Solvent | Detergent |
| Oil | Solvent | Ammonia, Baking Soda |
| Ink | Oxidant - Solvent | Alcohol, Liquid Bleach, Nail Paint Remover |
| Rust | Acid | Hydrochloric Acid, Vinegar, Red Harpic |
| Lime | Acid | Descaling Agents, Hydrochloric Acid |
| Cement | Acid | Hydrochloric Acid |
| Wine | Alkaline | Ammonia, Liquid Bleach |
| Coffee | Alkaline - Solvent | Ammonia, Liquid Bleach |
| Rubber | Solvent | Alcohol, Thinner |
| Plaster | Acid | Hydrochloric Acid |
| Candle Wax | Solvent | Alcohol, Thinner |
| Iodine | Oxidant | Liquid Bleach |
| Blood | Oxidant | Liquid Bleach |
| Ice Cream | Alkaline | Liquid Bleach |

Note: It is recommended that any kind of stain needs to be cleaned immediately, as soon as possible.
